† The total annual operating expenses are shown for the iShares Barclays Aggregate Bond Fund and iShares Barclays MBS Bond Fund. In addition to the management fees, the total expenses include "acquired fund fees and expenses" of 0.04% and 0.08%, respectively, which are related to the funds' investments in the BlackRock Cash Funds: Prime (the "money market fund"). "Acquired fund fees and expenses" represent the funds' pro rata share of the fees and expenses charged by the money market fund and may vary based on the funds' allocation of assets to the annualized net expenses of the money market fund. Annual operating expenses do not include the effect of interest earned by investments in the money market fund, which is expected to offset the money market fund's fees and expenses.

The iShares precious metals trusts are not investment companies registered under the Investment Company Act of 1940 or commodity pools for purposes of the Commodity Exchange Act. Because shares of the iShares Gold Trust and iShares Silver Trust are created to reflect the price of the gold or silver held by each precious metals trust, respectively, the market price of the shares will be as unpredictable as the price of gold or silver has historically been. The price received upon the sale of shares of the iShares precious metals trusts, which trade at market price, may be more or less than the value of the gold or silver represented by them.

The iShares S&P GSCI® Commodity-Indexed Trust and the iShares Diversified Alternatives Trust are each a commodity pool as defined in the Commodity Exchange Act and the applicable regulations of the CFTC. **The Commodities and the Diversified Alternatives Trusts are NOT investment companies registered under the Investment Company Act of 1940. Investments in shares of the Commodities and Diversified Alternatives Trusts are speculative and involve a high degree of risk. You could lose all or a substantial portion of your investment in the shares of the Commodities or Diversified Alternatives Trust. Commodities markets have historically been extremely volatile.** Shares may trade at, above or below their NAV.

Carefully consider the iShares Funds' investment objectives, risk factors, and charges and expenses before investing. This and other information can be found in the Funds' prospectuses, which may be obtained by calling 1-800-iShares (1-800-474-2737) or by visiting www.iShares.com.
